## PRESS RELEASE

### RE: MR. HOWARD STEFFEN, P.E.

Media, PA - 2012 - Accredited Environmental Technologies, Inc. (AET) is pleased to announce the addition of Mr. Howard Steffen to our professional staff. Mr. Steffen is a Pennsylvania Licensed Professional Engineer (#19502-F) with over 40 years experience inspecting, repairing, designing, fabricating, erecting, and dismantling steel structures. His work experience includes bridges, buildings, towers, conveyors, blast furnaces, industrial mill buildings and coke plants.

At AET Mr. Steffen will serve as a consultant to Senior Management regarding health, safety and engineering issues related to our client's demolition projects. He will be actively involved in the development of engineering estimates, work plans, project coordination and quality control of AET's engineering services. Mr. Steffen and AET have worked together on several projects with successful results in the Pittsburgh, PA area.

We look forward to providing Mr. Steffen's value-added expertise and professional credentials on future projects.

AET is a nationwide environmental service corporation headquartered in Media, PA. Diversified environmental contracting, consulting and laboratory services are provided; a listing of 29 representative service capabilities are detailed in our website [www.aetinc.biz](http://www.aetinc.biz). AET is a recognized industry leader with a reputation for quality, client satisfaction and cost effective management of environmental risk designed to solve your environmental needs.
